Since 1998 FreeFind has provided site search engines to over 200,000 websites. Advanced site search can be added to your website in minutes. With nothing to download or install it's easy and it's free!

Join the thousands of websites using the FreeFind site search engine. Just fill in this form:

1

Your website address

2

Your email address

(we keep it [private](#))

3

Click the button

Get site search now!

Your password and setup instructions will be e-mailed to you automatically. You'll get high speed, high availability, hosted site search engine technology from the company that pioneered the field.

- High search capacity
- On-demand re-indexing
- Scheduled re-indexing
- Protected content support
- [Professional version](#)
- On-page results
- Detailed indexing log
- Complete customization

- Site search API
- [Show more features](#)
- Proven technology -- used by over 100,000 websites
- Adjustable relevance scoring -- tune the results for your site
- Flexible searching -- use simple searching or advanced boolean expressions
- Stemming and stopwords -- in multiple languages
- Phrase matching -- choose from exact phrase, near phrase or far phrase
- Word index -- shows every word used on your site
- PDF indexing -- include your PDF files in your search results
- Additional formats -- Word, PowerPoint, OpenOffice, OpenDocument and more
- Automatic site map -- generate site maps in three customizable styles
- Language support -- works with many different languages and unicode
- Search subsections -- visitors can search all of your site or just part
- Frame support -- flexible handling of framed sites
- Adjustable indexing speed -- select to match your server speed
- Complete indexing logs -- your current and prior logs are available online
- Password authentication -- index password protected areas of your site
- Fully hosted -- no software to install, all searches run on our servers
- Data search -- search and serve specific HTML excerpts you create
- Full on-demand re-indexing -- your whole site, any time you want it
- Scheduled re-indexing -- have your site re-indexed as often as daily
- Complete templating -- give the results the look and feel of your site
- [Professional version](#) -- with unconditional 30-day money-back guarantee *
- No FreeFind branding -- no advertising or FreeFind logo in pro version *
- Private domain labeling -- i.e. search.yourdomain.com in address bar *
- Parallel indexing -- fast indexing using multiple simultaneous connections *
- API -- perform searches programatically, AJAX or server-side *

* Not available in free version
